Come visit the Lizzie Mae Whigham Heritage Center and enjoy a pictorial history of our city.

Pictures of Samson's schools, police department, fire department, first alert men and women, and businesses are on display. There is also a large collection of war pictures. Samson's brave men and women of the military are also on display.

The historical building, that is the home of Samson Public Library and Lizzie Mae Whigham Heritage Center, was built in the early 1940's and used as a Vocational Agriculture and Home Economics classroom. The Heritage Center has been completely restored with few changes in the original building.

You are invited to bring your family, friends or historians to enjoy over 100 years of pictures. Citizens may rent the center for family events and meetings. Call the library for prices to reserve. Enjoy seeing the growth of our city and the life of its citizens through time.
